LICENSE AGREEMENT

This License Agreement (“Agreement”) is entered into effective as of this \_\_ day of \_\_\_\_, 2016 (“Effective Date”), by and among the IETF Trust, a Virginia common law trust, (“Licensor”) and [PTI], a California nonprofit public benefit corporation (“Licensee”).

**Comment [1]:** Note to CWG: The license should be from the mark owner to the service provider. There is no reason to interpose ICANN as a sublicensor between the Trust and PTI.

Note – if IANA services are provided by multiple entities (PTI1, PTI2, PTI3), then separate licenses can be granted to each of these entities. There is still no need to interpose ICANN in this relationship.

Deleted: 1.1 .

**Comment [2]:** Note to RIR: this definition is used in the indemnification clauses and is pretty standard.

## ARTICLE 2 TRADEMARK LICENSES

2.1 Grant of Licenses. Licensor hereby grants Licensee, and Licensee hereby accepts, a worldwide, exclusive, royalty-free, fully-paid right and license to use, display and reproduce the Licensed Marks in connection with the provision and marketing of goods and services in connection with (a) the IANA Names Services, (b) the IANA Numbers Services and (c) the IANA Protocol Parameter Services. For the avoidance of doubt, three independent and separately terminable licenses are granted hereunder with respect to the three categories of IANA Services set forth in clauses (a) – (c) above.

Comment [3]: Note to RIR: you have proposed three separate license agreements, which would be acceptable. However, at this time there is only one Licensee, and negotiating a single license agreement will be far more efficient than three. Perhaps the agreements can be split into three once the terms are finalized?

2.2 Quality Requirements. Licensee agrees that all IANA Services offered under the IANA Intellectual Property shall be of a consistent quality at least as high as the quality of comparable services offered by ICANN immediately prior to the Effective Date, and shall comply with any additional service quality requirements that the Parties mutually agree upon throughout the Term, which shall be incorporated into and made a part of this Agreement. Licensor shall have the right to monitor the quality of goods and services offered under the IANA Intellectual Property, and any material changes to such services shall be subject to Licensor's prior written approval, not to be unreasonably withheld, provided that Licensor may delegate such quality monitoring responsibility and approval rights to each Operational Community with respect to the services offered to or for the benefit of that Operational Community.

**Deleted:** Service  
**Deleted:** that  
**Deleted:** .  
**Deleted:** The parties may, throughout the term, agree on  
**Comment [4]:** Note to RIR: you suggest tying these quality requirements to the Service Agreements, which in principle is acceptable. However, can you describe the parties to the Service Agreements? It may be that this linkage needs to come through the Community Agreement rather than this license, as the IETF Trust is not a party to the Service agreements.

2.3 Usage Requirements. All uses of the Licensed Marks shall be in strict accordance with Licensor's style requirements concerning size, color, placement, and other parameters ("Style Requirements"). The current version of the Style Requirements is attached hereto as Exhibit C. All uses of the Licensed Marks by ICANN immediately prior to the Effective Date, and all uses substantially similar thereto, shall be deemed to comply with such Style Requirements. Licensor shall have the right to modify such Style Requirements in its sole discretion upon [60 days] prior written notice to Licensee. In the event of such a change, Licensee shall be permitted to deplete its existing inventory of printed marketing material complying with the immediately prior version of the Style Requirements for up to three (3) months following the effectiveness of such change. Thereafter all such obsolete materials shall be destroyed, other than copies kept for archival, informational, historical, record-keeping or legal purposes. All digital displays must be changed within one month to reflect any new Style Requirements.

**Comment [5]:** Note to CWG: it is not advisable to incorporate the Trust-OC internal governance mechanisms into this third party license agreement. Such procedures should be in the Community Agreement only, and should not give rise to additional liability under this License Agreement.  
**Comment [6]:** Note to CWG: it is unclear why CWG would wish to reduce the Licensee's responsibilities under this Agreement. CWG is not a party to this Agreement, and it is in both CWG's and the Trust's interest to seek the highest reasonable level of compliance by the Licensee.

## ARTICLE 3 DOMAIN LICENSES

3.1 Grant of License. Licensor hereby grants Licensee, and Licensee hereby accepts, a worldwide, exclusive, royalty-free right and license to use the IANA Domains and to create subdomains thereunder, subject to Section 3.3 below, solely in connection with the provision and marketing of (a) the IANA Names Services, (b) the IANA Numbers Services and (c) the IANA Protocol Parameter Services. For the avoidance of doubt, three independent and separately terminable licenses are granted hereunder with respect to the three categories of IANA Services set forth in clauses (a)-(c) above.

**Deleted:** B  
**Comment [7]:** Note to CWG: why would we offer to give the Licensee approval rights over changes to our TM style guidelines? Unclear why CWG is negotiating on behalf of the Licensee.

3.2 Technical Contact. Licensor hereby designates Licensee as the technical contact for the IANA Domains (including all subdomains). Licensee acknowledges that if any of the licenses granted hereunder with respect to the IANA Services are terminated (e.g., IANA Names Services, IANA Numbers Services and IANA Protocol Parameter Services), then Licensor may designate one or more third parties as the technical contacts for one or more IANA Domains or subdomains.

3.3 Subdomains. All subdomains of the IANA Domains existing as of the Effective Date are approved for use by Licensee in connection with the licenses granted hereunder. Licensee shall submit all proposed new subdomains under the IANA Domains to Licensor for approval prior to their registration or use, such approval not to be unreasonably withheld or delayed.

**Deleted:** . Licensor shall use reasonable efforts to respond to such requests for approval in a timely manner  
**Deleted:** - ... [1]  
**Deleted:** No Sublicensing. Licensee shall have no right to grant sublicenses of the rights granted hereunder without the express written approval of Licensor, which may granted or withheld in Licensor's sole discretion and may be conditioned on the execution of documentation that is acceptable to Licensor in its sole discretion.

ARTICLE 4 OWNERSHIP

4.1 Goodwill. Licensee hereby acknowledges that Licensor is the owner of the IANA Intellectual Property and all goodwill therein and arising from its use, and that nothing in this Agreement or otherwise grants Licensee any ownership right in or to any such IANA Intellectual Property. Licensee hereby assigns to Licensor all business goodwill that arises from use of the IANA Intellectual Property.

4.2 Restrictions. Licensee agrees that it shall not, (a) without the prior written approval of the Licensor, not to be unreasonably withheld or delayed, register or reserve any name, mark, logo, word or design that contains, is identical to, or is confusingly similar to any IANA Intellectual Property as a trademark, service mark, certification mark, trade name, domain name or search term in any jurisdiction in the world, (b) challenge Licensor’s ownership of or the validity of the Licensed Marks, any application for registration or registration thereof or any rights of Licensor therein; (c) do any act that is intended to invalidate or impair any IANA Intellectual Property; or (d) use, suffer or permit the use of any IANA Intellectual Property in any manner that is intended to devalue, injure, demean or dilute the goodwill or reputation of Licensor or the IANA Intellectual Property.

**Deleted:** is related to IANA Services

**Comment [9]:** Note to CWG: Why would you proposed deleting this restriction on the Licensee’s activity? It is not reasonable to allow a Licensee to register “IANA” with a search engine, and such conduct should be prohibited.

**Deleted:** likely

**Deleted:** would tend

4.3 Policing and Enforcement. Licensee shall immediately notify Licensor in writing of any infringement or threatened infringement of the IANA Intellectual Property of which it becomes aware. Licensor shall, after consultation with the relevant operational communities, have the sole right but not the obligation to take any action to stop such infringement or otherwise enforce Licensor’s rights and Licensee shall, at its own expense, cooperate with Licensor in any such action. If Licensor initiates such an enforcement action hereunder, it shall have the exclusive right to employ counsel of its own selection and to direct and control the litigation or any settlement thereof and shall be entitled to retain all amounts awarded as damages in connection therewith. In any such action, Licensee shall, at its own expense, have the right to non-controlling participation through counsel of its own selection.

**Comment [10]:** Note to CWG: a TM licensor should not assume obligations to a licensee to police its own marks. These obligations are typically one-way from the Licensee to the Licensor. Unclear why CWG is negotiating on behalf of Licensee.

Also, internal consultation mechanisms between CCG and Trust should be in the Community Agreement, not here. There is no reason to expose these internal procedures to a third party outsider Licensee.

Likewise, especially in a royalty-free license, the licensor should not under any circumstances commit to maintain the licensed marks.

**Comment [11]:** Moved from Section 3.4 to 4.4 in order to be more general.

4.4 Sublicensing. The licenses granted in Sections 2.1 and 3.1 above are sublicensable, subject to the prior written consent of Licensor, not to be unreasonably withheld or delayed, and provided that: (i) the sublicensee agrees in writing to be bound by the terms and conditions of this Agreement, and (ii) Licensee shall be and remain liable for all actions of the sublicensee in relation to the sublicense, to the same extent as if the actions were those of Licensee.

ARTICLE 5 INDEMNIFICATION

5.1 By Licensee. Licensee will indemnify, defend and hold harmless Licensor and its Affiliates, and their respective employees, trustees, licensees, consultants, contractors and subcontractors (“Trust Indemnitees”) from and against any and all third party claims, liabilities, actions, demands, losses, costs, expenses and damages (“Liability”) arising directly or indirectly from Licensee’s and its sublicensees’ use of the IANA Intellectual Property, and the conduct of any business or other activity under, using or connected with the IANA Intellectual Property, following the Effective Date.

5.2 Indemnification Procedure.

a. A Party seeking indemnification hereunder (“Indemnified Party”) will give prompt written notice (an “Indemnification Notice”) to the Party from which indemnification is sought (“Indemnifying Party”) of the assertion of any third party claim, or the commencement of any third party suit, action or proceeding (“Third Party Claim”) in respect of which indemnity may be sought under Section 5.1, and will provide the Indemnifying Party such information with respect thereto that the Indemnifying Party may reasonably request. The failure to so notify the Indemnifying Party shall not relieve the Indemnifying Party of its obligations hereunder, except to the extent such failure shall have prejudiced the Indemnifying Party.

b. The Indemnifying Party shall manage and control the defense of any Third Party Claim as to which indemnification is sought hereunder at its sole expense using counsel of its selection, subject to the reasonable prior approval of the Indemnified Party. The Indemnifying Party shall obtain the prior written consent of the Indemnified Party (which shall not be unreasonably withheld) before entering into any settlement of such Third Party Claim if the settlement does not release the Indemnified Party from all Liabilities with respect to such Third Party Claim or the settlement imposes injunctive or other equitable relief against the Indemnified Party. The Indemnified Party shall be entitled to participate in the defense of such Third Party Claim and to employ separate counsel of its choice for such purpose at its own expense. Each Party shall cooperate in the defense or prosecution of any Third Party Claim and shall furnish or cause to be furnished such records, information and testimony, and attend such conferences, discovery proceedings, hearings, trials or appeals, as may be reasonably requested in connection therewith.

ARTICLE 6 TERM AND TERMINATION

6.1 Term. This Agreement shall remain in effect from the Effective Date until it is terminated in accordance with the terms hereof.

**Deleted:** the third (3<sup>rd</sup>) anniversary thereof. This Agreement shall renew automatically thereafter for additional one-year renewal terms unless either party notifies the other of its desire not to so renew at least ninety days prior to the end of the then-current term

6.2 Termination by Licensee. Licensee may terminate this Agreement or any license granted hereunder upon sixty (60) days prior written notice to Licensor.

6.3 Termination by Licensor.

**Comment [13]:** Note to CWG: as discussed above, internal consultation between Trust and CCG is handled under the Community Agreement, not here.

**Deleted:** for Breach

a. Licensor may terminate this Agreement in full if Licensee materially breaches any provision hereof. Licensor may also terminate any specific license granted under Article 2 or 3 hereof if Licensee materially breaches any provision hereof with respect to such specific license.

b. Following Licensor’s notification to Licensee of such breach, Licensee shall have a period of sixty (60) days to cure such breach.

c. If such breach is not cured to Licensor’s reasonable satisfaction within such period, then a thirty (30) day executive consultation period (“Consultation Period”) shall immediately begin. During such period, an authorized representative of Licensee and Licensor shall meet in person in Washington, DC, unless otherwise mutually agreed by the Parties, at least once, and by other telephone or electronic means as required, to use their best efforts to find a mutually-acceptable means for addressing the breach. Each Party shall be entitled to be represented by

d. If, by the end of the Consultation Period, the Parties have not reached an amicable solution and Licensee has not cured such breach to Licensor's reasonable satisfaction, then the Parties shall submit to voluntary mediation administered by the American Arbitration Association ("AAA") using a mediator mutually acceptable to the Parties or, if they cannot agree within ten days following the end of the Consultation Period, by the AAA. The mediation shall take place in Washington DC within thirty (30) days following the end of the Consultation Period. Each Party shall be entitled to be represented by counsel at such mediation and shall bear its own expenses in connection with such mediation. Licensor shall be entitled to involve representatives of the relevant Operational Communities in such mediation, as well. Each Party shall bear its own costs and expenses, and the costs and expenses of the mediation shall be divided evenly between the Parties. The results of the mediation shall be non-binding, but the Parties shall work in good faith to reach an agreement to resolve the issues.

e. If the Parties fail to reach agreement within ten (10) days following the end of such mediation, Licensor shall be entitled to terminate the relevant licenses or this Agreement in full, upon written notice to Licensee.

6.4 Termination for Change of Service Provider. Licensee acknowledges that the licenses granted hereunder are necessary for provision of the IANA Services, and that Licensee is required to perform the IANA Services under a number of separate agreements with the Operational Communities. Accordingly, in the event that Licensor is notified by an Operational Community that Licensee has been terminated as the provider of IANA Services relating to such Operational Community, Licensor shall have the right to terminate this Agreement or the relevant license(s) immediately upon written notice to Licensee, and such termination shall be effective upon the effective date of a license agreement between Licensor and the replacement IANA Services provider.

**Comment [15]:** Note to RIR: you have asked that these agreements be referenced specifically. Can you please provide the relevant details?

6.5 No Termination for Bankruptcy. For the avoidance of doubt, Licensor is not entitled to terminate the agreement solely on account of an insolvency or bankruptcy event by Licensee or any sublicensee.

6.6 Effects of Termination.

a. Termination of this Agreement or any license hereunder shall be without prejudice to any right to sue for damages for any antecedent breach of this Agreement.

b. Immediately upon the termination of this Agreement or any trademark license hereunder, Licensee shall remove any and all Licensed Trademarks from all displays, materials, web sites and other visible locations, and cease to use such Licensed Trademarks in any business or other activity, subject to any transition period agreed between Licensor and Licensee.

c. Immediately upon the termination of this Agreement or any domain name license hereunder, Licensee shall, at its expense, transfer technical control over the relevant domain

name(s) and subdomain(s) to Licensor or to its successor licensee(s) for the terminated services, subject to any transition period agreed between Licensor and Licensee.

d. The provisions of Articles 4, 5, 6, 7 and 8 of this Agreement shall survive any termination hereof in accordance with their terms.

#### ARTICLE 7 NO WARRANTY

Licensor makes no warranty or representation whatsoever, express or implied, regarding the validity or enforceability of the IANA Intellectual Property. Licensor undertakes no obligation to Licensee hereunder to maintain, police or enforce the IANA Intellectual Property against any third party.

**Comment [16]:** Note to RIR: this limitation limits the Licensor's liability to the Licensee. It does not excuse any improper conduct by the Licensee.

#### ARTICLE 8 GENERAL PROVISIONS

8.1 Disputes. This Agreement will be governed by and construed in accordance with the laws of the Commonwealth of Virginia, USA, excluding its conflicts of law provisions. Except to the extent provided in Section 6.3 above, the Parties irrevocably submit to the exclusive jurisdiction of the state and federal courts sitting in the U.S. District of Northern Virginia for the resolution of all disputes concerning the interpretation, enforcement, breach and termination of this Agreement.
