

IANA COMMUNITY AGREEMENT

This IANA Community Agreement (“Agreement”) is entered into effective as of this __ day of _____ (“Effective Date”), by and among the IETF Trust, a Virginia common law trust (“IETF Trust”) and

_____ (“Names Community”),

[AFRINIC Ltd (“AFRINIC”), APNIC Pty Ltd, (“APNIC”), American Registry for Internet Numbers, Ltd (“ARIN”), Latin American and Caribbean Internet Addresses Registry (“LACNIC”), Réseaux IP Européens Network Coordination Centre (“RIPE NCC”)] (“Numbers Community”) and

the Internet Engineering Task Force, an activity of the Internet Society, a District of Columbia non-profit corporation (“Protocol Community”)

(the Names Community, Numbers Community, and Protocol Community are each an “Operational Community” and collectively the “Operational Communities”).

ARTICLE 1 DEFINITIONS

1.1. AAA: the American Arbitration Association.

1.2. Agreement: Has the meaning set forth in the Preamble.

1.3. CCG: IANA Community Coordination Group.

1.4. CCG Representatives: Has the meaning set forth in Section 2.2.

1.5. Effective Date: Has the meaning set forth in the Preamble.

1.6. Encumbrance: Any lien, claim, easement, attachment, option, right to acquire an interest, lease, license, sublease, occupancy contract, encroachment, covenant, charge, security interest, mortgage, pledge, easement, restriction on use, conditional sale or other title retention agreement or defect in title

1.7. IANA Intellectual Property: All rights owned, held or controlled by the IETF Trust throughout the world in the names “Internet Assigned Numbers Authority” and “IANA”, including all associated designs and logos, and all derivatives, variants, combinations and modifications thereof and all Internet domain names including any material portion of any of the foregoing. Without limiting the foregoing, as of the Effective Date the registered

Comment [1]: Note to RIR: you have listed five entities, but there should only be a single “representative” RIR party to this Agreement. This could be a partnership of the five entities you suggest, or a single entity designated by the five to represent their interests in this Agreement. Those internal matters would be invisible in this Agreement, however.

Deleted: _____

Deleted: referred to

Deleted: as

Deleted: 1.1 .

Deleted: Affiliate: With respect to a party hereto, a corporation or business entity that, directly or indirectly, is controlled by, controls, or is under common control with such party, together with all officers, members, managers and directors of such party, corporation or business entity. For this purpose, the word “control” shall mean direct or indirect ownership of fifty percent (50%) or more of the equity or voting shares or interest of such corporation or business entity having the right to vote for the election of directors, or the power to appoint a majority of the board of directors or other governing body or otherwise to direct the management and policies of such corporation or business entities, whether by contract or otherwise. For the avoidance of doubt, the Internet Society, a District of Columbia non-profit corporation, is not an Affiliate of the IETF Trust.

Comment [2]: Note to CWG: the definitions of IANA IP should not necessarily be the same in this Agreement and the License. It is preferable for all parties for this agreement to speak in general and encompassing terms, while the License should be specific. We have added Exhibit D to list the marks as they exist today (subject to confirmation by ICANN). However, requiring amendments to this Agreement every time a new mark is obtained in a jurisdiction is a recipe for inadvertent noncompliance.

Deleted: <#> .

... [1]

trademarks and domain names set forth in Exhibit D are included in the IANA Intellectual Property.

- 1.8. IANA Names Services: Those services so designated in Exhibit A.
- 1.9. IANA Numbers Services: Those services so designated in Exhibit A.
- 1.10. IANA Operators: Has the meaning set forth in Section 3.2.a.
- 1.11. IANA Protocol Parameter Services: Those services so designated in Exhibit A.
- 1.12. IANA Services: ~~The IANA Names Services, IANA Numbers Services, and IANA Protocol Parameter Services, individually or collectively as the context may require.~~
- 1.13. 1.14 IANA Trademarks: Those registered and unregistered trademarks included in the IANA Intellectual Property.
- 1.14. IETF Trust: Has the meaning set forth in the Preamble.
- 1.15. Initial License Agreement: Has the meaning set forth in Section 3.2.d(iii).
- 1.16. License Agreements: Has the meaning set forth in Section 3.2.a.
- 1.17. Names Community: Has the meaning set forth in the Preamble.
- 1.18. Numbers Community: Has the meaning set forth in the Preamble.
- 1.19. Operational Community or Operational Communities: Has the meaning set forth in the Preamble.
- 1.20. ~~Party~~: Means the IETF Trust or an Operational Community.
- 1.21. Protocol Community: Has the meaning set forth in the Preamble.
- 1.22. ~~PTI~~: [insert name].
- 1.23. Severed Clause: Has the meaning set forth in Section 7.3.

Deleted: t

Comment [3]: Note to CWG: "Parties" is simply the plural of Party and need not be defined separately. If the intention was to require that any use of the term "Parties" necessarily include the IETF Trust, that construction is likely to yield unintended results and specific instances in which inclusion of particular parties is required should be spelled out.

Comment [4]: Note to CWG: the Licensee will be granted to PTI, thus we have added a defined term for PTI and omitted the defined term ICANN.

ARTICLE 2 COMMUNITY COORDINATION GROUP

2.1 ~~Formation and Purpose~~ of CCG. The ~~CCG is hereby formed, and shall operate in~~ accordance with the terms set forth below, to provide guidance and advice to the IETF Trust regarding the stewardship of the IANA Intellectual Property.

Deleted: parties shall form an IANA Community Coordination Group ("CCG")

Comment [5]: Note to CWG: "approvals" are not part of CCG's role.

2.2 Composition of CCG. The CCG shall be comprised of nine (9) individuals, three (3) appointed by each of the Operational Communities (~~such nine (9) individuals, the~~ “CCG Representatives”). The initial CCG Representatives are set forth in Exhibit B. ~~Each~~ Operational Community shall have the right to change any of its CCG Representatives upon written notice to the other Operational Communities and the IETF Trust. ~~An~~ Operational Community may remove or replace ~~its~~ CCG Representatives ~~at any time and in its sole discretion~~. The means and procedures by which an Operational Community elects to select, appoint and remove its own CCG Representatives shall be determined solely by that Operational Community and such procedures and compliance therewith are beyond the scope of this Agreement.

Deleted: will

Deleted: An

Deleted: ies

Deleted: their

Deleted: for any reason

2.3 CCG Co-Chairs.

a. Each Operational Community shall appoint one of its CCG Representatives as a co-chair of the CCG. The initial CCG co-chairs are set forth in Exhibit B. An Operational Community shall have the right to change ~~its~~ CCG co-chair upon written notice to the other Operational Communities and the IETF Trust. ~~An~~ Operational Community may remove or replace ~~its~~ CCG co-chair ~~at any time and in its sole discretion~~.

Deleted: any of

Deleted: ies

Deleted: their

Deleted: s

Deleted: for any reason

b. The CCG co-chairs shall be the IETF Trust’s primary points of contact with the CCG ~~for purposes of this Agreement~~, and the CCG co-chair appointed by a particular Operational Community shall be the IETF Trust’s primary point of contact with such Operational Community ~~for purposes of this Agreement~~.

c. The IETF Trust shall be authorized hereunder to treat a communication from ~~the~~ CCG co-chairs ~~collectively~~ as a communication from the CCG as a whole ~~when the communication identifies itself as such~~, and the IETF Trust shall not be required to make any additional inquiry regarding the authority or validity of instructions or requests made by ~~the~~ co-chairs ~~collectively~~ on behalf of the CCG.

Deleted: any

Deleted: any

d. The IETF Trust shall be authorized hereunder to treat a communication from any CCG co-chair as a communication from that co-chair’s Operational Community ~~when the communication identifies itself as such~~, and the IETF Trust shall not be required to make any additional inquiry regarding the authority or validity of instructions or requests made by any co-chair on behalf ~~of~~ that co-chair’s Operational Community.

2.4 CCG Operational Procedures. The CCG shall ~~adopt~~ its own operational rules and procedures, including requirements relating to voting, quorum, calling of meetings, action taken outside of meetings and the like, at its first meeting, and shall thereafter revise such rules and procedures as permitted thereby. Such procedures shall not constitute a part of this Agreement, and compliance with such procedures shall be beyond the scope of this Agreement. The CCG may invite representatives of the IETF Trust to attend its meetings, but such attendance is not required, or the CCG may request the IETF Trust to appoint a liaison/non-voting ex officio member to the CCG.

Deleted: establish

ARTICLE 3 STEWARDSHIP OF IANA INTELLECTUAL PROPERTY

3.1 **General.** It is acknowledged that the IETF Trust, as owner of the IANA Intellectual Property, has the legal right to maintain, license and enforce the IANA Intellectual Property. However, the IETF Trust recognizes the interest of the Operational Communities in ensuring reliable and robust IANA Services. Accordingly, the IETF Trust agrees, as set forth below, to seek the advice of the CCG with respect to those matters concerning the IANA Intellectual Property which are enumerated below.

3.2 Licenses to IANA Operators.

a. The IETF Trust shall license the IANA Intellectual Property, including the use of associated domain names, to one or more third party operators selected as described below (“IANA Operators”) for use in connection with performing IANA Services under one or more written license agreements (“License Agreements”).

b. The IETF Trust acknowledges that the initial IANA Operator selected by the Operational Communities for each IANA Service is [PTI].

c. For purposes of this Agreement, it is agreed that each Operational Community shall have primary advisory responsibility for its respective IANA Service as follows:

IANA Service	Designated Operational Community
IANA Names Service	Names Community
IANA Numbers Service	Numbers Community
IANA Protocol Parameter Service	Protocol Community

The IETF Trust acknowledges that each Operational Community may develop specific requirements relating to its designated IANA Service.

d. The CCG co-chair representing an Operational Community shall have the right to instruct the IETF Trust to terminate the License Agreement with the then-current IANA Operator with respect to such Operational Community’s designated IANA Service, and the CCG co-chairs acting collectively (by unanimous action) shall have the right to instruct the IETF Trust to terminate the License Agreement with the then-current IANA Operator, as a whole. In each case such termination shall be effected in accordance with the IETF Trust’s termination rights under the applicable License Agreement.

e. Operational Community IANA Operator Request.

(i) Upon the request of an Operational Community, the IETF Trust will attempt in good faith to negotiate a License Agreement with a prospective IANA Operator relating to the Operational Community’s designated IANA Service. The IETF Trust shall consult with the CCG

Comment [6]: Note to CWG: As discussed, under the IETF Trust Agreement, the Beneficiary of the IETF Trust is the IETF as a whole. It is not correct or permissible for the IETF Trust to hold IPR “as a steward for the Operational Communities”.

Comment [7]: Note to CWG: (1) the IANA Trademarks are included in the IANA IP, and need not be called out separately here. (2) The IETF Trust does not have an “obligation” to maintain the IPR that it holds, other than under the Trust Agreement, to which CWG is not a party. Any obligations arising under this Agreement are dealt with below.

Deleted: fiduciary responsibility and sole

Deleted: a

Deleted: Internet names function

Comment [8]: Note to CWG: “advice” only. Not “advice and consent”.

Deleted: certain

Comment [9]: Note to CWG: the additional requested text in this paragraph was largely duplicative of obligations enumerated below. Please see the below sections concerning those obligations.

Deleted: It is agreed by the Parties

Comment [10]: Note to all: please confirm.

Deleted: shall be

Deleted: one

Comment [11]: Note to RIR: this Community Agreement relates only to the License Agreements granted by the Trust to the IANA Operators. The service agreements for IANA Services are beyond the scope of the Trust’s functions.

Comment [12]: Note to CWG: it is fine to delete the notification period language from our prior draft, but the suggested replacement sentence was simply duplicative of the prior added language.

Deleted: The IETF Trust shall ensure that its License Agreements with the IANA Operators permit termination upon such notification after a reasonable transition period not to exceed [180 days]. The IETF Trust shall terminate the relevant IANA Operator’s License Agreements with the minimum allowable notice period

Deleted: .

Deleted: d

(or in the case of a license relating to IANA Services for one or two Operational Communities, the relevant CCG Representatives) regarding the terms under negotiation with each prospective IANA Operator and shall act in a manner consistent with the advice of the CCG or the relevant CCG Representatives, as applicable. The IETF Trust shall provide the proposed License Agreement to the CCG (or relevant CCG Representatives). In the event that, after expending good faith efforts for a reasonable period of time, the IETF Trust, the prospective IANA Operator and the relevant Operational Community shall in good faith enter into non-binding mediation pursuant to the rules of the AAA for a period not to exceed ninety (90) days in order to attempt to come to agreement upon the terms of a License Agreement. Such mediation shall be conducted by teleconference and in-person meetings, and any live meetings shall be held in Washington, DC or another location mutually agreed by IETF Trust, the prospective IANA Operator and the relevant Operational Community. The expenses of the mediator and AAA shall be divided evenly among the IETF Trust, the prospective IANA Operator and the relevant Operational Community. If, following such mediation, the IETF Trust and such prospective IANA Operator are unable to agree upon the terms of a License Agreement, the IETF Trust shall so notify the requesting Operational Community, stating the reasons therefore in reasonable particularity. Under no circumstances shall the IETF Trust be required to enter into a License Agreement that contains terms that are unacceptable to the IETF Trust in its reasonable discretion.

(ii) The IETF Trust and each Operational Community hereby acknowledges that the License Agreement that the IETF Trust has executed with the initial IANA Operator as of the Effective Date, attached hereto as Exhibit E, (the "Initial License Agreement") is acceptable to it.

f. Each of the Operational Communities may monitor the IANA Operator's use of the IANA Intellectual Property with respect to its designated IANA Service for the purposes of quality control under the License Agreement and shall promptly notify the IETF Trust of any failures or deficiencies in the quality of service provided by the IANA Operator that would violate such quality control provisions. The IETF Trust and the relevant Operational Community shall coordinate communicating with the IANA Operator and seeking to address such failures or deficiencies.

g. In the event that the IETF Trust believes that an IANA Operator has materially breached its License Agreement with respect to an IANA Service, the IETF Trust shall consult with the relevant Operational Community (through its CCG co-chair) regarding an appropriate course of action, including potential termination of such License Agreement.

3.3 Maintenance of IANA Intellectual Property. The IETF Trust agrees that it shall hold, maintain and renew registrations on the IANA Intellectual Property in accordance with best practices in the intellectual property management field. The IETF Trust further shall seek new registrations of the IANA Intellectual Property trademarks in additional territories and classes of goods and services, and additional domain name registrations, based on the IANA Intellectual Property, as requested by the CCG, provided that if such additional registrations will require the expenditure of significant funds, the CCG shall also arrange for the funding of such additional registrations in connection with making such request. With respect to the Internet domain names

Comment [14]: Note to CWG: the proposed restriction on encumbrances is now in Article 4.2.

Comment [15]: Note to CWG: Proposed Sec. 3.3 has not been included, as transfer of the IANA IPR will not be possible under the current Trust structure.

Deleted: -

Deleted: current

Deleted: shall consider the CCG's recommendations regarding the registration of IANA Intellectual Property in additional territories and classes of goods and services

constituting part of the IANA Intellectual Property, the IETF Trust shall ensure that the registrars selected for such domain names meet the requirements set forth in Exhibit C.

3.4 **Policing and Enforcement of IANA Intellectual Property.** The IETF Trust shall actively police and monitor third party uses of the IANA Intellectual Property that might constitute infringement or dilution of the IANA Intellectual Property in accordance with its current practices and in a manner consistent with practices in the intellectual property management field utilized for intellectual property of similar kind and value. Each Party shall notify the other Parties of any suspected or threatened third party infringement or dilution of the IANA Intellectual Property that comes to its attention. It is acknowledged by the Parties that, as between the CCG and the Operational Communities, on one hand, and the IETF Trust, on the other hand, the IETF Trust has the legal right to enforce the IANA Intellectual Property against third parties, and shall at all times act consistently with its obligations under this Agreement in doing so. The IETF Trust will consult with the CCG prior to initiating any enforcement action against a third party regarding the IANA Intellectual Property, and may bring any such enforcement action when it deems that such enforcement is warranted in its reasonable discretion. The IETF Trust shall be entitled to retain all damages and other recoveries resulting from such enforcement actions, after reimbursing from such recoveries the Operational Communities for any expenditures made in connection with such enforcement actions (provided that such expenditures are reasonable and pre-approved by the IETF Trust prior to being incurred).

ARTICLE 4 OWNERSHIP

4.1 **Acknowledgement.** Each of the Operational Communities hereby acknowledges that the IETF Trust is the owner of the IANA Intellectual Property and all goodwill therein and arising from its use, and that nothing in this Agreement or otherwise grants any Operational Community any ownership or license right in or to any such IANA Intellectual Property.

4.2 **Encumbrances and Transfer.** Except as contemplated by this Agreement and the License Agreements, the IETF Trust shall not sell, lease (as lessor), transfer or otherwise dispose of, or mortgage or pledge, or impose or suffer to be imposed any Encumbrance on, in whole or in part, any of the IANA Intellectual Property without the prior written approval of the CCG, which shall not be unreasonably withheld.

4.3 **Restrictions.** Each Operational Community agrees that it shall not (a) register or reserve any name, mark, logo, word or design that is confusingly similar to any IANA Intellectual Property as a trademark, service mark, certification mark, trade name, domain name or search term in any jurisdiction in the world, (b) challenge the IETF Trust's ownership of or the validity of the IANA Intellectual Property, any application for registration or registration thereof or any rights of the IETF Trust therein; (c) commit any act that is likely to invalidate or impair any IANA Intellectual Property; or (d) use, suffer or permit the use of any IANA Intellectual Property in any manner that would tend to devalue, injure, demean or dilute the goodwill or reputation of the IETF Trust or the IANA Intellectual Property.

Comment [16]: Note to CWG: applications and registrations are not infringements or dilution. We have limited this term to "uses", which can infringe/dilute. However, we would be willing to consider monitoring of published federal registrations in the U.S. if this important to the three Operational Communities.

Comment [17]: Note to CWG: we believe this standard is the appropriate one. The request that policing be conducted in accordance with "best practices in the IP management field" could imply that the Trust must establish a global trademark policing program akin to those used by consumer goods and content owners like Nike and Disney, which would clearly be disproportionate and unreasonable in this case.

Deleted: p

Deleted: p

Deleted: T

Deleted: a fiduciary duty and

Deleted: sole

Deleted: and discretion

Comment [18]: Note to CWG: The Trust will fund enforcement and retain all recoveries. There is little basis for sharing of recoveries unless the OCs wish to advance litigation costs.

Deleted: such

Comment [19]: Note to CWG: the current Trust Agreement prohibits the Trust from transferring or assigning its IPR assets. However, should the Trust Agreement be amended in the future to permit such a transfer, the Trust would agree not to transfer the IANA IPR without the CCG's consent.

Deleted: Licensor's

Deleted: Licensed Mark

Deleted: do

Comment [20]: Note to CWG: your proposed exclusion of liability for Operator actions is now included in Section 6.3.

Deleted: .

ARTICLE 5 TERM AND TERMINATION

5.1 Term. This Agreement shall remain in effect from the Effective Date until terminated by mutual agreement of the IETF Trust and all Operational Communities that are parties to this Agreement at such time, or until such time as the IETF Trust no longer owns the IANA Intellectual Property.

Deleted: [at least two]

Comment [21]: Note to CWG: though the Trust cannot agree to transfer the IANA IPR in the future, it is possible that there may be a future time that the Trust no longer holds such IPR, in which case this Agreement should be terminated.

5.2 Withdrawal of an Operational Community. In addition to termination of this Agreement as a whole, an Operational Community may, upon sixty (60) days prior written notice to the other Parties, withdraw from this Agreement and thereby terminate this Agreement with respect to itself only. This Agreement shall automatically be modified to reflect the withdrawal of such withdrawing Operational Community, including, without limitation, by reducing the size of the CCG correspondingly, for example, from nine (9) to six (6) members.

Comment [22]: Note to RIR: this paragraph is intended to respond to your request for unilateral termination of this Agreement. We believe that any unilateral termination should affect only the terminating party, and not the others.

5.3 Effects of Termination. The provisions of Articles 4, 6 and 7 of this Agreement shall survive any termination hereof in accordance with their terms.

Deleted: 2

ARTICLE 6 LIABILITY

6.1 Exclusion of Certain Damages. NO PARTY SHALL BE LIABLE HEREUNDER FOR ANY CONSEQUENTIAL, INCIDENTAL, EXEMPLARY, PUNITIVE OR OTHER INDIRECT DAMAGES TO ANY OTHER PARTY OR TO ANY THIRD PARTY OR ENTITY SUFFERED BY THAT PARTY OR ANY OTHER PERSON OR ENTITY RESULTING FROM ANY CAUSE UNDER THIS AGREEMENT, EVEN IF FORESEEABLE.

6.2 Limitation of Damages. Each Party's total monetary liability hereunder to any other Party, whether in contract, in tort or otherwise (including breach or warranty, negligence, and strict liability in tort) shall be limited to an amount equal to One Thousand U.S. Dollars (\$1,000).

Deleted: p

6.3 No Liability for Operator Actions. No Party shall be liable hereunder for any action (including any action prohibited under Section 4.3) that is taken by an IANA Operator independently of such Party.

ARTICLE 7 GENERAL PROVISIONS

Deleted: .

7.1 Disputes. This Agreement will be governed by and construed in accordance with the laws of the Commonwealth of Virginia, USA, excluding its conflicts of law provisions. The Parties irrevocably submit to the exclusive jurisdiction of the state and federal courts sitting in the U.S. District of Northern Virginia for the resolution of all disputes concerning the interpretation, enforcement, breach and termination of this Agreement.

Comment [23]: Note to CWG: There is no apparent nexus between this Agreement and California. Both the IETF Trust and the IETF (one of the OCs) have their corporate domicile in Virginia, as does the USPTO. Thus, if any state bears a relationship to this Agreement, it is Virginia.

7.2 Notices. Any notice or report required or permitted to be given or made under this Agreement by a Party hereto to any other Party shall be given by registered mail or overnight courier (return receipt requested), to the Parties at the addresses indicated below, and shall be

Deleted: p

Deleted: p

Deleted: p

effective upon the earlier of the date of actual receipt by the addressee or the date three (3) days after the same was posted or sent. Notices shall be sent to:

[OPERATIONAL COMMUNITIES]

[insert addresses]

IETF TRUST

[insert address]

A Party hereto may change its address or contact person by giving written notice to the other Parties pursuant to this Agreement.

Deleted: p

Deleted: p

7.3 Severability. If, under applicable law or regulation, any provision of this Agreement is invalid or unenforceable, or otherwise directly or indirectly affects the validity of any other material provision(s) of this Agreement (“Severed Clause”), the Parties hereto agree that this Agreement shall endure except for the Severed Clause. The Parties shall consult and use their best efforts to agree upon a valid and enforceable provision that shall be a reasonable substitute for such Severed Clause in light of the intent of this Agreement.

Deleted: p

Deleted: parties

7.4 Headings. The subject headings of the Articles and Sections of this Agreement are included for purposes of convenience only, and shall not affect the construction or interpretation of any of its provisions.

7.5 Entire Agreement; Amendment. This Agreement and all the Exhibits hereto contain the entire understanding of the Parties with respect to the matters contained herein and supersede any previous agreements (oral, written or otherwise) and may be altered or amended only by a written instrument duly executed by the Parties hereto.

Deleted: p

Deleted: p

7.6 Assignment. This Agreement is binding upon and shall inure to the benefit of the successors and permitted assigns of the Parties hereto. This Agreement, in whole or in part, shall not be assignable by any Party hereto to any third party without the prior written consent of the other Parties.

Deleted: p

Deleted: p

7.7 Non-Waiver. The failure of a Party in any one or more instances to insist upon strict performance of any of the terms and conditions of this Agreement shall not constitute a waiver or relinquishment, to any extent, of the right to assert or rely upon any such terms or conditions on any future occasion.

Deleted: p

7.8 Independent Contractors. The Parties hereto are independent contractors. No Party is, or will be deemed to be, the partner or legal representative or agent of any other Party, nor shall any Party have the right or authority to assume, create, or incur any liability or obligation of any kind, express or implied, against or in the name of or on behalf of another except as expressly set forth in this Agreement.

Deleted: p

Deleted: p

Deleted: p

Deleted: p

Deleted: third party

7.9 Publicity. No party shall make any public announcement, press release or disclosure of the terms of this Agreement without the prior written consent of each other Party hereto.

Comment [24]: Note to CWG: we do not understand why CWG proposed deleting this paragraph. Any public announcement of the agreement should be coordinated by all parties.

7.10 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be an original and all of which shall constitute together the same document.

Deleted: p

7.11 Construction. Unless the context of this Agreement otherwise requires: (a) words of any gender include each other gender; (b) words using the singular or plural number also include the plural or singular number, respectively; (c) the terms “hereof,” “herein,” “hereby” and derivative or similar words refer to this entire Agreement; (d) the terms “Article,” “Section,” or “Exhibit” refer to the specified Article, Section, or Exhibit of this Agreement; (e) the term “or” has, except where otherwise indicated, the inclusive meaning represented by the phrase “and/or”; and (f) the term “including” or “includes” means “including without limitation” or “includes without limitation” so as to not limit the generality of the preceding term. Unless otherwise stated, references to days shall mean calendar days.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized representatives:

EXHIBIT A
IANA SERVICE DESCRIPTIONS

IANA NAMES SERVICE

[describe]

Comment [26]: Note to CWG: please suggest a definition

IANA NUMBERS SERVICE

The administration of the IANA Number Registries in accordance with Global Policies and any applicable and mutually acceptable and agreed upon guidelines and procedures, including allocation of Internet Number Resources to RIRs, the management of returned Internet Number Resources, general IANA Number Registries maintenance, and the administration of the unicast portion of the special- purpose “IN-ADDR.ARPA” and “IP6.ARPA” DNS zones, as extensively defined in the Service Level Agreement for the IANA Numbering Services.

Deleted: . [describe]

IANA PROTOCOL PARAMETER SERVICE

These include (i) assigning and registering Internet protocol parameters as directed by the criteria and procedures specified in RFCs, including Proposed, Draft and full Internet Standards and Best Current Practice documents, and any other RFC that calls for IANA assignment, as well as procedures and criteria directed by Supplemental Agreements agreed to between the IETF and the protocol service provider; (ii) registering protocol parameters of interest to the Internet community upon agreement with other parties, provided such protocol parameters do not conflict with those specified under the terms of clause (i), (iii) providing on-line facilities for the public to request Internet protocol parameter assignments; (iii) making available to the public, on-line and free of charge, information about each current assignment, including contact details for the assignee.

EXHIBIT B
COMMUNITY COORDINATION GROUP

Names Community Representative members:

1. [co-chair]
- 2.
- 3.

Numbers Community Representative members:

1. [co-chair]

- 2.
- 3.

EXHIBIT C

DOMAIN NAME REGISTRAR REQUIREMENTS

- i. For changes to the technical contact information, approval of both the technical and administrative contact is required. The registrant can override the need for the other parties to approve, but only after a period of no more than 10 days.
- ii. The name must be configured to renew automatically. Removal of this setting requires the approval of both administrative and technical contacts, with override only possible by the registrant after the same period as above. The IETF Trust shall arrange sufficient funds to ensure renewal is successful. Notices of pending, successful, and failed renewals must go to both technical and administrative contacts.
- iii. The name must be set to prohibit registrar transfers. Removal of this setting requires the approval of both administrative and technical contacts, with override only possible by the registrant after the same period as above. The IETF Trust shall arrange sufficient funds to ensure renewal is successful. Transfer approval notices must be set to both technical and administrative contacts.
- iv. The name must be configured to prohibit deletion. Removal of this setting requires the approval of both administrative and technical contacts, with override only possible by the registrant after the same period as above.
- v. The name must be configured to prohibit update. To permit the functions below, removal of this setting requires approval only by one of the administrative or technical contact, with notices going to both contacts.
- vi. For changes to DS or NS records to be passed through the registry, such changes can be made entirely by the technical contact, but with notification to the administrative contact.
- vii. Optionally, for changes to DS or NS records to be passed through the registry, such changes can be made by the administrative contact only with the approval of the technical contact.
